

Vetter's Comments Feedback 2017

Whilst the vettors try their best to warn you of any known access issues on your planned route we are only too aware that from year to year bridges may be lost or other obstacles may appear. We would therefore be grateful for any information on issues you encountered that were not mentioned in your vetter's comments.

Please use a separate form for each issue.

<u>Area</u>	<u>OS Sheet No</u> (1:50k)	<u>Grid Ref</u> (inc prefix letters)
Type of issue missing/damaged bridge, usable unmapped bridges, new electric or deer fence, new construction projects, new bothies and state of existing MBA and non MBA bothies or any other obstruction/access issues		
Details Please give any details you have and also tell us how you dealt with the issue. If you have a photo please send it to us. Bridges – please give state of bridge eg damaged, dangerous, no longer there and report any useful unmapped bridges. Electric/deer fences – please give direction and location of any crossing points found Bothies – please tell us of any new bothies encountered and whether locked or unlocked. Please report any problems with existing bothies. If MBA please also report issues to them. Construction works eg hydro schemes/windfarms – please let us know of any new construction projects and whether any access issues were encountered. Any other access issues – eg locked or obstructed gates, hostile notices		

Please return this form to alanhardywalks@lineone.net The information will be shared with the team for use in future route vetting. Please feel free to contact your vetter directly if you have any other comments.

Thank-you for your help.

Alan Hardy (and the vetting team)
